Ohio University | Athens, OH

Graduated: May 2026

Bachelor of Science in Computer Science

GPA: 3.85

- **President** of Ohio University Software Development Club (2025-2026)
- **Vice President** of Ohio University Software Development Club (2024-2025)

TECHNICAL SKILLS

Programming Languages: Java, Typescript, Python, SQL, C++

Frameworks: Angular, Springboot, React, Node.js, Flask, Express.js

EXPERIENCE

Winsupply | Moraine, OH

Full Stack Software Developer

August 2026 – Present

- Working with the Inventory team to modernize and release production Java/Angular applications to phase out legacy RPG applications.

Software Developer Intern

May 2026 – August 2026

- Modernized a legacy physical inventory yearend HCL Domino application from RPG/LotusScript to Java Springboot and Angular.
- Worked with developer and QA interns alongside inventory team to gather requirements and develop the new yearend inventory application in the existing modernized system.

Software Developer Intern

May 2025 – August 2025

- Worked with purchasing team to develop a product analytics dashboard to consolidate important item KPIs across many purchaser apps.
- Developed the application using Angular, and Springboot and used scrum (agile) methodologies along with Jira to plan, organize, and delegate work for 2 week sprints.

Cyberlandia | Lebanon, OH

Contract Software Developer

May 2024 – May 2026

- Built a service status monitoring tool that consolidates and normalizes data from multiple upstream providers, providing a status data endpoint for a company dashboard.
- Developed a highly personalized voice-activated LLM agent that learns from and advises employees based on past interactions.

University College | Athens, OH

Software Developer Intern

September 2025 – May 2026

- Led user research and needs analysis to define requirements for a custom GPT advising tool.
- Developed a graph-based course requirement tool to predict time-to-graduation based on completed coursework and intended major.

PACE Research | Athens, OH

Research Assistant

October 2024 – May 2025

- Collaborated with a professor and two peers to research advanced large language model (LLM) agents.
- Analyzed how different prompt designs affect decision accuracy in text-based two-player games.
- Tested the integration of LLM reasoning into MicroRTS game-playing agents.

HONORS AND RECOGNITION

Dean's List | Ohio University, Athens, OH

Fall 2023 – Spring 2025

President's List | Ohio University, Athens, OH

Fall 2025 – Spring 2026

National Honor Society | Springboro High School, Springboro, Ohio

October 2022
